

DIRECTIONS FOR SEWING OF THE NECESSITIES PILLOW

- If providing your own fabric, please use bright, happy, cheery fabrics....something that would put a smile on your face, if you were to receive a pillow! (100% cotton) **Please no overall PINK fabrics and no Breast Cancer symbol fabrics.**
- You will use two 12 inch squares of fabric. Place right sides together (minimal pinning if desired). Sew with a $\frac{1}{2}$ inch seam around perimeter, leaving an opening of approximately 4 inches. Back track at beginning and ending of sewing for reinforcement.
- Turn pillow right side out. Press.
- Stuff with the amount of stuffing that has been provided. (The pillows are meant to be soft and cushy.) Spread around stuffing to make it consistent in feel.
- On outside of pillow, pin together the opening and machine stitch it closed with matching thread, close to the edge of the pillow.
-

THANK YOU VERY MUCH FOR YOUR GIFT OF LOVE IN MAKING THIS PILLOW. Questions???
